PENNSYLVANIA POWER CO. OPTIONS ROSENA SITE

New Service Building On Site Projected

Will House Various Operating Departments Of Penna. Power Company

EXPECT WORK ON BUILDING SOON

Second Big Project Announced For This City Recently By Power Company

Pennsylvania Power Company of this city confirmed a report today that it has secured an option on the Rosena furnace property of the Carnegie-Illinois Steel Company, on South Mill street.

If the negotiations are consummated, the property will be used as a site for a new service building to house the various operating departments of the company in New Castle.

At the present time the Power company is leasing buildings at various locations throughout the city to house these departments. In order to obtain greater efficiency of operation, it is desirable that they be concentrated at one point. The completion of the new service building will permit this result, it is stated.

Expect Work To Start Soon

Construction of the new building will be started as soon as the land is finally transferred and construction plans now in progress approved. It is the intention to have the building ready for occupancy before the end of the year.

The departments to be housed in the new building include the Line Shop, Substation Department, Service Department, Meter Department and Meter Laboratory, and the Storehouse.

New Power Plant Also

The announcement will tend to strengthen further the realization that the Pennsylvania Power Company has faith in New Castle's future, and comes as a happy supplement to the previous announcement of the construction of a steam power plant in this vicinity.

The two projects indicate a revival of construction here, and they alone will go far toward relieving unemployment among construction workers, who, during the past few years, have suffered considerably through the dearth of new construction in this section.

PA NEW OBSERVES

Weather conditions of the past few weeks have developed some bad holes in some of the secondary paving on highways in the county, it is noted.

New Castle street department is asking a considerable number of unimproved streets at the present time. Paving work of the past year eliminated several streets from the asking program that formerly required a lot of attention.

Spring like weather conditions of yesterday drew throngs of autoists to the highways.

Second semester of the New Castle school was opened today.

Main Levees Holding Along Mississippi

(International News Service)
MEMPHIS, Tenn., Feb. 1.—Lieut. Col. Eugene S. Reybold expressed confidence today that his engineers and army of workmen have whipped the Mississippi. Main line levees are holding firm, he said, and workmen and supplies have been stationed at possible "trouble spots."

The Mississippi scored a minor victory when it burst through a secondary levee at Bessie, just below the Kentucky-Tennessee line

and just above Tiptonville, where the river reverses its directions and flows north into Missouri in a tight horseshoe. The break indicated the river may cut a new channel from Bessie to Tiptonville, eliminating the horseshoe, when the Ohio's flood crest moves into the Mississippi, tomorrow or Wednesday.

NEW YORK, Feb. 1.—With 35 men aboard, the American freighter Meanticut was sinking early today 100 miles north of the Azores while the Holland-American liner Edam, which dashed 90 miles through a gale in answer to an S. O. S., was standing by in the hope of effecting a rescue.

According to wireless messages reaching here, the crew of the Meanticut were ready to abandon ship in two lifeboats, reported to be in poor condition, when the Edam, guided by rockets, hove in sight.

John H. Elliott Is Promoted At Shenango Works

Is Named Assistant General Superintendent Of Carnegie-Illinois Plant Today

RISE IN RANKS HAS BEEN RAPID

Announcement was made this morning by General Superintendent Carl E. Crawford, of the Shenango Works of the Carnegie-Illinois, of the appointment of John H. Elliott as assistant general superintendent, effective today.

Mr. Elliott, who has been at the Shenango Works since 1926 has been acting as Master Mechanic since 1919, his rise having been rapid.

He fills a vacancy which has been existent since the retirement of David S. Pyle as general superintendent last October, following the advancement of Mr. Crawford from the position of assistant general superintendent to superintendent.

Mr. Elliott entered the engineering department of American Sheet & Tin Plate Co. in September 1919 at Pittsburgh and remained there until May 1926, when he came to the Shenango Works as combustion engineer. On April 30, 1932, he was appointed annealing superintendent which position he filled until August 1, 1936, when he was named acting Master Mechanic.

Acceptance Of Mellon Gift Is Recommended

(International News Service)
WASHINGTON, Feb. 1.—In a special message to congress, President Roosevelt today recommended acceptance of "the magnificent gift" of a national art gallery in Washington by Andrew W. Mellon.

The president accompanied his message with a recent exchange of letters with Mellon in which the former treasury secretary set forth the conditions under which he would erect a building, endow it, and place in it the outstanding collection of world masterpieces he has assembled over a period of years.

Watch Outcome Of Court Action To Force Sit-Downers To Evacuate

GOVERNOR MURPHY IS STILL HOPEFUL

(International News Service)
FLINT, Mich., Feb. 1.—Eyes of the nation were focused on this strike-torn industrial city of 160,000 today as General Motors headed for the courts to force sit-down strikers from two of its key plants here.

At the same time, Gov. Frank Murphy reported he was laying the foundation for a new truce, following failure of Secretary of Labor Perkins to get GMC and the United Auto Workers' Union together at a bargaining table.

Before union attorneys left Detroit, for Flint, they announced they would seek to delay hearing on GMC's injunction petition scheduled to come up this afternoon before Judge Paul V. Cadola.

Seek To Remove Sit-Downers

General Motors in its court action asks that the sit-downers be removed from its two Fisher body plants, and also requests an injunction against picketing. By holding these two plants the UAW has succeeded in virtually halting the corporation's entire production.

Sheriff Thomas Wolcott announced he would "see that the plants were cleared if the court ordered it."

Latest announcement by Alfred P. Sloan, Jr., head of GMC, emphasized the company's determination to abandon conference tables with the UAW, at least until after the court passes on its injunction petition.

Mrs. Riddle Is Recovering; Was Saved By Miracle

Tells How She Crawled Out Of Window After Bus Filled With Water

CALDWELL SENDS ACCOUNT OF CRASH

In a letter received today from James P. Caldwell, New Castle News reporter, from St. Petersburg, Fla., details of the recent bus accident which resulted in the death of 17 persons on the Tamiami Trail, between Miami and St. Petersburg, including Mrs. Clara Young of this city, are related by Mrs. Callie Riddle, of Enon Valley, one of the survivors.

Mrs. Riddle, who is back in St. Petersburg, is resting at the Herr Apartments, 317 Third street, and is gradually recovering her former health.

"It all seems like a horrible nightmare," she said in discussing the accident with Mr. Caldwell, Friday. "It is hard for me to realize that I was saved when so many perished. The road through the Everglades is scooped up on account of the swamp. On the side from which the earth was taken is a canal. When the accident occurred this canal is twenty feet deep.

"When the bus made its first unsteady tilt, I felt that the driver would be able to get it under control, but as it began to zig-zag more viciously, I had a premonition it would crash. In an instant, it had plunged into the canal.

Former Resident Tells Of Louisville Flight

Mrs. Mary Gorham Thomas, aged 84, a former resident of New Castle, has a thrilling story to tell of her escape from the flood waters which enveloped Louisville, Ky., last week, forcing two-thirds of the population to flee for their lives.

Although she was in ill health at the time, having suffered a slight stroke the same day that Pope Pius was stricken, Mrs. Thomas does not seem to be any the worse for her thrilling experience of the past week, and is now resting at the home of her son, Thornton Gorham, of 1441 Heinz avenue, Sharon, where she was brought by her son late last week.

Mrs. Thomas, who formerly resided at the corner of Wallace and Highland avenues, left here about 30 years ago. She had been residing with her daughter, Mrs. Georgia Whitehouse, at 730 South 35th street, Louisville, when the flood struck that city.

When the waters began to surround their home, with her daughter she was removed in a boat to Carlisle, Ky. After they had fled the water came up around the house eight feet higher than when they had left it.

From Carlisle they were taken in a box car to Mitchell, Ind. The ride was a trying one. The box car was filled with slush and slime from the flood waters. During the trip a baby was born and a child died, but they finally reached their destination safely.

At Mitchell, Mrs. Thomas relates, they were given the best of treatment.

Paducah Is Being Completely Evacuated

(International News Service)
PADUCAH, Ky., Feb. 1.—The army moved with military precision and dispatch today to complete the evacuation of Paducah, and by tonight the city will be abandoned and left to the mercies of the Ohio river.

Approximately 25,000 residents have already been removed from the flood-stricken city.

As the final evacuation went forward today, flood waters continued to rise in the streets. A crest of 61½ feet by Tuesday or Wednesday, has been predicted by rivermen.

Gigantic Task Of Rehabilitation Begun As Waters Are Receding

By C. L. REECE
International News Service Staff Correspondent

LOUISVILLE, Ky., Feb. 1.—The gigantic task of rehabilitation began in earnest here today.

As the Ohio slowly relinquished its hold on the city, storekeepers unboarded their windows and doors, and banks opened for business, autos and trucks were permitted on the streets, and an army of 15,000 WPA workmen began purging the city of the slime and debris left by the floodwaters.

Many Missing

Flood water still stood many feet deep in the low-lying West End section, hiding the fate of hundreds of persons reported missing and unaccounted for in refugee camps. Recession of water in this area, it is feared, will result in the finding of many victims, greatly increasing the death toll, officially fixed at 207 today.

An area of approximately 30 square blocks was placed under rigid quarantine by Dr. Hugh Leavelle, city health commissioner.

Frankly fearful of an outbreak of disease, authorities declared the typhoid epidemic "deadline" will come Wednesday. Hospitals are filled to double their capacity with influenza, pneumonia and exposure victims.

Damage Enormous

Authorities estimated the damage to "relatively permanent and private properties" at \$100,000,000 today, explaining this figure does not include the inestimable damage to stocks in warehouses and factories and the contents of homes. Damage to public property, including streets, was estimated at \$10,000,000.

Water service will not be restored for some days, and it will be at least 10 days before the river recedes sufficiently to allow full restoration of power service.

Indicative of the fear of the outbreak of an epidemic was the establishment of two "communicable disease" hospitals, with 20,000 cots.

Report Thirteen Convicted Men Shot In Russia

(International News Service)
MOSCOW, Feb. 1.—Though there was still no official announcement, it was generally believed today that swift death by rifle fire had been meted out to 13 former Bolshevik officials condemned for treason in the Moscow conspiracy trial.

The paper said they were executed immediately after their appeals for mercy were rejected. Fifteen minutes later, said the Express, they were buried.

In a Warsaw dispatch the same paper charged that important state documents which, if published, would implicate Dictator Josef Stalin and other Soviet leaders, had saved Karl Radek, famous commentator and one of the 17 trial defendants, from death.

Col. Lindbergh And Wife Leave To Visit Egypt

LONDON, Feb. 1.—Col. and Mrs. Charles A. Lindbergh left England secretly today on a flying trip to Egypt.

The noted American flying couple took off from Lympne airdrome at 10 a. m. with a large quantity of luggage, indicating a possibly extensive tour. It was understood their first stop would be Cairo.

The Lindberghs were alone in their own Miles Mohawk monoplane. Assisting in the secrecy for which the Lindberghs have become renowned, Scotland Yard officials accompanied them from their Kent home to Lympne. None of the staff at Lympne, let alone the public, were allowed near the Lindbergh plane.

The Lindberghs late this afternoon were reported to have flown over Calais, France. Jon, was left behind, presumably at the Kent home.

Battle Danger Of Pestilence In Flood Areas As Ohio Is Slowly Receding

(BULLETIN)
(International News Service)
ST. LOUIS, Feb. 1.—The stage of the flood-swollen Ohio river at Cairo, Ill., at 9 a. m. today was 59.4 feet, a rise of 3 of a foot in the past 24 hours, the U. S. weather bureau here stated today.

Cairo was the dry vortex of a swirling sea of flood water today, with the rampant Ohio lapping at the top of the 60-foot concrete levee protecting the city and only a 3-foot bulkhead atop the seawall standing between doom and the 61-foot flood crest which engineers predict will arrive tomorrow or Wednesday.

Cairo was being evacuated of all its residents except the 4000 workmen patrolling the levee, bolstering weak spots, and obstinately fighting the flood waters, confident their handiwork will withstand the onslaught of the flood crest.

Hope Levees Will Hold.

Below Cairo, the confluence of the Ohio and the Mississippi, army engineers were equally confident the 1200-mile levee system stretching from Cairo to New Orleans will resist the flood tide which already has driven more than a million people from their homes, taken a death toll of more than 425, and caused property damage conservatively estimated at \$400,000,000.

(International News Service)
VICKSBURG, Miss., Feb. 1.—The U. S. engineer's office here today issued a statement that satisfactory conditions exist all along the flooding Mississippi river from Memphis to New Orleans.

The river is rising at all points, the statement said. From Memphis to the Louisiana line men toiled feverishly to put the levees in good shape.

The statement said that apparently there will be no need for a general evacuation of the valley by the war department and that the lower Mississippi will stand the widely hailed "super flood" in better shape than in 1927.

Cairo Waging Levee Battle

Town Is Still Free From Inundation As River Steadily Rises

TEMPORARY DIKES HOLD FATE OF CITY

(International News Service)
CAIRO, Ill., Feb. 1.—Cairo's zero hour is at hand. The fate of the city depended on a wooden frame, three feet high and 18 inches wide, filled with sacks of dirt today, as the Ohio river rose above the 60-foot concrete seawall protecting Cairo from inundation.

Crim-faced, weary rivermen patrolled the two and a half miles levee. Emergency crews sped to bolster weak spots as the muddy flood waters started seeping through or lapping over the bulkhead.

Their tension belied rivermen's spoken confidence in the emergency bulkhead.

The river was 59.4 feet early today, with the waters slowly rising. Engineers have predicted the crest, which may not be reached until Wednesday, will not exceed 61 feet.

The final evacuation of the city was being concluded today. With one highway the only means of egress, Mayor August Bode ordered the evacuation of all but the workmen toiling on the levee, last night.

Child Marriage Strongly Assailed

Head Of Children's Aid Society Denies Tennessee Wedding Of Nine-Year-Old Girl

(International News Service)
NEW YORK, Feb. 1.—Vincent Pissara, superintendent of the New York society for the prevention of cruelty to children, today characterized the Tennessee backwoods marriage of nine-year-old Eunice Westminster to six-foot Charles Johns, 22, as a return "to the dark ages."

Pissara, veteran of 35 years of studying child psychology and sociology, exclaimed:

"Child bride bosh. The marriage is all wrong. Thank God there are few states in the country where it could happen. That poor little girl should be thinking of dolls and having a mother's care and a good schooling instead of being sacrificed to something she is not old enough to understand."

"I have read the story of the child's mother, who quotes from the Bible. That may be all right. I'm not going to dispute with the mother of the child and get into a Biblical controversy with her. Fundamentally, however, there can be no question: the marriage should never have occurred."

"In this country few states would recognize it. It would be illegal. In this day of enlightenment it is a step to the dark ages to have such a thing happen as this unfortunate Tennessee marriage."

Capt. Hamilton Starts Return Trip To France

Having received orders to sail for Indo-China earlier than he expected, Captain Edgar G. Hamilton, who has been spending a two weeks' furlough with his mother, Mrs. C. L. Goodman, of North Mill street, departed Sunday night for New York City.

Another cablegram in French, arrived this morning, states his mother, so the orders are urgent. He will sail Tuesday at midnight on the Bremen and expects to be on the water for the next six weeks.

Captain Hamilton, who is a former New Castle man, serving with the French Foreign Legion, expects to return to this city in three years' time when, he said before leaving, he will remain for a period of three months.

During his stay here, he was extensively entertained by his scores of friends, but made no public appearances.

STATE PLANS GET SETBACK

No P. W. A. Funds For Construction

Institutional Building Program Of State Dealt Blow By Federal Action

BUDGET MESSAGE BEING DELAYED

By FREDERICK N. POLANGIN
International News Service Staff Correspondent

HARRISBURG, Feb. 1.—Gov. George H. Earle's hopes for an \$80,000,000 institutional building program faded today when word from Washington there were no federal funds available for that purpose.

This was the latest plague to set upon the chief executive as he continued to grope for a satisfactory budget estimate as Democratic legislators returned to begin the second month of the 132nd General Assembly with the introduction of a \$5,000,000 "gesture" appropriation for flood control.

Already the chief executive has been forced to delay his budget message a week because of the Goodrich committee's inability thus far to arrive at an acceptable estimate on relief for the coming biennium.

Sought PWA Funds

Governor Earle had been banking on PWA funds to carry out the belated institutional program, and, it was understood, had been mapping his budget estimates accordingly.

Even a rehearing of the previously ill-fated general state authority act which would enable the commonwealth to participate in federal grants of that nature was arranged.

But, International News Service learned, PWA authorities have written Governor Earle over the weekend, informing him there were no funds available at the present time for the program, again forcing him to alter his plans for the time being.

where several thousand refugees are crowded, was in no immediate danger. All residents had been removed from the flooded area.

The break eased the strain on the levee at New Madrid, Mo., at the head of the 18 mile bend.

The Mississippi, swollen by the great volume of water pouring into it from the Ohio, has risen nearly to the top of the seawall at Hickman, Ky., but engineers reported the wall and the two foot bulkhead are holding and did not anticipate any trouble there.

Maj. Gen. George Moseley in charge of the army's flood relief work in the lower Mississippi valley, declared today after an aerial survey of the region that the river "appears to be under control." All possible precaution has been taken against loss of life, he said, and little remains to be done except to care for refugees.

The river neared the 46 foot stage here today. Engineers did not expect the crest, which they predict will be between 53 and 54 feet to reach here before Thursday or Friday of next week.

FLINT IS CENTER OF AUTO BATTLE

Gov. Murphy himself revealed this determination as well as the adamant position of John L. Lewis, chief union strategist.

"The situation has changed since our last Lansing conference," Gov. Murphy said. "Today both Sloan and Lewis are more adamant than ever."

Nevertheless, the governor said he hoped to have representatives of both sides in his state office, "in a few days." The governor spent the week end in Detroit talking with the various union officials.

Gov. Murphy reiterated he does not believe force of any kind should be used in an attempt to make peace. He believes a settlement is possible only by voluntary action.

Neither has he faith that litigation will solve the problem. He said: "The court action will settle the question of the legality of sit-down methods. This question should be carried to the U. S. supreme court and be settled for all times. But it remains to be seen if the courts can bring about peace in the motor industry."

Deaths of the Day

Funeral Of Mrs. Young.

Surrounded by a large crowd of sorrowing friends the casket bearing the late Mrs. Clara E. Young, of 324 East Moody avenue, was lowered into her last resting place, Little River cemetery, on Saturday afternoon, and the grave was covered by a great profusion of lovely flowers.

Funeral services had been conducted earlier in the afternoon at the Jos. B. Leyde mortuary with Rev. J. J. McIlvaine, D. D., pastor of the First Presbyterian church, in charge.

The pallbearers were Hugh Cover, Howard Cover, Clarence Marshall, Harry Reed, Harry Hill and John Wanamaker.

Mrs. Young met death January 25 when she was entrapped in a large passenger bus which had plunged from the Tamiami Trail of Florida into a canal.

Frederick Taylor Funeral.

The body of Frederick Taylor, of 720 Cunningham avenue, was on Sunday morning at 8:50 o'clock taken to Keosauqua, Ia., his birthplace where funeral services were conducted and burial made in his family plot beside the graves of his father and mother.

Mr. Taylor, who came to New Castle last spring to claim the estate of his cousin, the late Miss Mary Taylor, was killed on Grove street Friday by a falling car.

Short services were conducted Saturday evening at 7:30 o'clock in the Jos. B. Leyde mortuary with Rev. J. J. McIlvaine, D. D., pastor of the First Presbyterian church, in charge. During the services Mrs. Dorothy Smith, accompanied by Mrs. J. L. Reed at the piano, sang "Jesus, My Saviour, Pilot Me" and "No Night There."

Dolores Schmiel Buried.

Private funeral services for Dolores Mae Schmiel, month-old infant of County Line road, were conducted in the Jos. B. Leyde mortuary on Sunday afternoon at 2:30 o'clock with Rev. J. H. Boon, pastor of the Christian and Missionary Alliance church, in charge. Interment was made in Greenwood cemetery.

Silas Wike.

Silas Wike, aged 81 years, a former resident of Enon Valley and Stoneboro, Pa., died of pneumonia at the North Side unit of Youngstown city hospital this morning at 2 o'clock. Mr. Wike resided at 49 Baldwin street, Youngstown.

He was born at Bedford, Clarion county, Pa., on September 30, 1855, son of Henry C. and Nancy Coult Wike. Youngstown, O., had been his home for the past four years.

At one time he had been a coal operator at Mercer, Pa., and he was well known in this section of the Christian church at Sandy Lake.

His wife, Anna Baxter Wike, died in 1932. He is survived by the following sons and daughters: John B., of Enon Valley, Frank of Westley, Pa., Fred of Masury, O., Mrs. G. A. Shadel of Rochester, Ind., Hazel of Youngstown and William C., of Warren, O., and a granddaughter, Eleanor J. Wike of Youngstown.

DAVIES-DAVIES WEDDING EVENT

At an open church ceremony Saturday afternoon at 2:30 o'clock in the First Congregational, Margaret Davies, of 1315 Wilmington avenue, daughter of Mr. and Mrs. W. H. Davies, of Whiting, Ind., was united in marriage to Emerson Davies, of Cleveland, son of Mr. and Mrs. Sol Davies, of 6 West Garfield avenue.

Rev. Rees T. Williams, pastor performed the simple and impressive service before a large number of relatives and close friends numbering over a hundred. The young couple was unattended.

The bride wore a becoming spring costume of navy printed taffeta, with blue accessories, and a corsage of gardenias.

Later, at the home of the bride's brother-in-law and sister, Mr. and Mrs. Charles I. Wetmore, on Wilmington avenue, where she had made her home for the past two years, a buffet supper was served to 20 relatives comprising members of the immediate families.

Green and white tones were noted in the lovely appointments, with a large wedding cake gracing the center of the bride's table. Other guests were seated about smaller tables. The brides were two other sisters of the bride, Mrs. Robert Vogan, whose marriage took place a few months ago, and Mrs. John Bowser, of Mt. Lebanon.

Out of town guests were: Mrs. W. H. Davies, of Whiting, Ind., the bride's mother, Mr. and Mrs. John Bowser, Mt. Lebanon, Mrs. Arthur Hazard, Whiting, Ind., the newlyweds departed for Cleveland, O., where they will reside, the groom being connected with the Cleveland office of the Johnson Bronze company. He is a graduate of the New Castle high school.

The bride is a graduate of the Whiting, Ind., high school and has been identified for the past couple years with the police department here, as clerk. She has made scores of friends during her residence in New Castle.

PRO-INDUS DANCE AT FIELD CLUB SATURDAY

Among the week's outstanding social events was the informal dance held at the New Castle Field club Saturday evening, by associates of the Pro-Indus club, which attracted nearly a hundred couples. Shortly after 9 o'clock, dance music was contributed by Ernie E. Branstatter and his boys, which lasted until a late hour.

This marked the first function of this nature for the Pro-Indus members this year. Plans are underway for other activities that will be equally as interesting and entertaining.

RAINBOW GIRLS PLAN PUBLIC INSTALLATION

New Castle Assembly No. 1, Order of Rainbow for Girls, will hold a public installation ceremony in the Cathedral on Wednesday evening. The event will provide another opportunity for New Castleites and others from out of town to see their work beautifully exemplified. Miss Naomi Kennedy is worthy adviser, and the installing officer will be Miss Glenna Goad.

Activities will begin at 8 o'clock, in the east lodge room. It is expected many Eastern Star members and Masons will take advantage of witnessing this impressive event, in addition to other guests.

At the close of the evening, refreshments will be served those in attendance, with Mrs. Bessie Pitzer, chairman, and her group of aides in charge.

NESHANNOCK GRA-Y ELECTS

New officers of the Neshannock Gra-Y club for 1937, elected at the close of last week, had been announced today as follows:

President, James Minick; vice president, William Bogle; secretary, Robert Beutke and treasurer, Bob George.

Don't be too much impressed by anyone whose face hides his thoughts. Maybe he hasn't any to hide.

Mr. and Mrs. Joseph Farane and James Campoli, all of Cincinnati, O., have returned home following a brief visit with Mr. and Mrs. D. Farane and family, of Maitland street.

Mrs. John A. Earl, West Washington street extension, returned to her home from St. Louis, Mo., where she attended the funeral of her brother, Harry Rae, which took place Friday afternoon.

While returning from St. Louis, Mo., Miss Mary Elizabeth Earl, West Washington street extension, stopped in Pittsburgh, where she spent the week-end at the home of Mr. and Mrs. Albert Howells.

Miss Frieda Reider of Butler and Mrs. Robert Long, Pittsburgh, spent Saturday with friends here. Miss Reider was enroute from Erie where she was called by the death of Herbert L. Hileman.

Mrs. Ira Campbell has improved sufficiently to return to her home on Dilworth avenue. She has been confined to the home of her sister, Mrs. Elsie Burnside, Highland avenue, because of illness.

Friends of Frank Cross, formerly of 207 Leasure avenue, will be glad to know that he has arrived safely in Alhambra, Cal., where he will make his home. It took eleven days to make the trip, due to weather conditions which were bad, with much snow and ice, he reports.

Marooned high up in their large home on Catalpa street in flooded Louisville for over a week, a locally known couple, Mr. and Mrs. Samuel Butler, wired relatives here today that "we're safe and things are better now." Mrs. Butler is the former Miss Elizabeth Gibson of South Mill street. Mr. and Mrs. Butler and 11 others had been isolated in the home by the flood since last Sunday.

Every man should have enough insurance to keep his family from suffering, by not enough to keep them from giving a darn.

AWAIT TEST OF LEVEE SYSTEMS ON MISSISSIPPI

(Continued From Page One)

pick and shovel army of 100,000, and anchored barges loaded with material to bolster weak spots developing in the levee system, at strategic points, army and Red Cross officials perfected plans for the care of the thousands more who will be evacuated should the levees give way.

"Mississippi Under Control."

The Mississippi "appears to be under control," Maj. Gen. George Moseley, in charge of the army's flood relief work in the lower Mississippi valley, declared today. "Levee topping operations will be completed before the crest reaches any point in this district."

The flood crest, menacing Cairo today, is not expected to reach Memphis until Thursday or Friday of next week. Engineers predict a crest there of between 53 and 54 feet. Slowly rising, the river near the 46-foot stage at Memphis today.

Crest Moves Slowly.

As the flood crest moved slowly downstream, leaving a wide swath of death and disaster, Paducah was being abandoned to the mercies of the river. Regular army troops directed the evacuation of the approximately 4000 residents remaining in the flood-stricken city, already largely under water without power or drinking water.

Above Paducah, through southern Illinois and Indiana, plans for the gigantic task of rehabilitation were made as the river crest either remained stationary or slowly receded. The danger of pestilence menaced the entire flood-stricken area and at Louisville, where the work of rehabilitation is already begun, a large area of the city was placed under a rigid quarantine.

"Control of Disease Huge Job."

D. Thomas Parran, Jr., surgeon general of the public health service at Memphis with a party of officials, including Harry Hopkins, federal relief director, said:

"Control of disease in the flood area will be a six months job."

The movement of Hopkins and his party on Memphis, to be followed by a swing through the stricken area from Memphis to Cincinnati, was accompanied by statements that reconstruction and relief present a more gigantic problem than the flood itself.

Hopkins estimated that 100,000 federal employees are now engaged in the work, and declared the number will increase to 175,000 by the end of the week.

Most Serious Flood.

With typical bluntness, Hopkins stated:

"We want to be damn sure the job is met. We realize that this is the most serious flood in terms of persons involved that the country has ever had."

Dr. Parran said that medical forces are "holding their lines."

Evacuation of Paducah was partly a health measure. It was to be completed today or tomorrow, leaving a city of more than 30,000 stripped clean of habitation except for a patrol of 300 American Legionnaires in boats, to prevent looting and fight fires.

Roosevelt Writes

William T. Butz

President Roosevelt today had written a personal letter to William T. Butz, the man whom the New Castle community honored a week ago for his 50 years of faithful service as senior warden of the vestry of Trinity Episcopal church.

On the night of the banquet the president sent a telegram, but in his letter today, over his personal signature, he wrote:

"It gives me great pleasure to join with your other friends in congratulating you upon the completion of 50 years as a senior warden of Trinity church. I trust that you may be spared in health and strength for years to come to continue your devoted labors in behalf of the church which you have served so long."

Youth Is Shot By Policeman

YOUNGSTOWN, O., Feb. 1—Felled by a policeman's bullet as he ran from a wrecked automobile, Willis Hoffacker, 16 school boy was in serious condition in South Side hospital here.

Hoffacker was shot by Traffic Patrolman Martin Cannon who sighted the car, police reported, stolen, forced it into a curb on a South Side street, and then gave chase as the youth fled.

Cannon said he fired one shot in the air after ordering Hoffacker to halt, then fired a second shot which struck the boy in the right lung.

Earlier in the afternoon four police cruisers had sought to capture three men after a stolen car had figured in a crash.

The car in which Hoffacker was sighted shortly after 7 p. m. Sunday was reported stolen only a half hour earlier, police said.

Hoffacker told police that two men had been in the car with him, but had got out only a short time before he was captured.

You can tell whether a new enterprise is noble or sinful. If the members lose interest in three months, it is noble.

Report was received by police yesterday from Mrs. Sue Callahan, 219 Smithfield street, who reported parking her automobile in the rear of a West Washington street gasoline station. The car was robbed of shoes, hosiery and candy.

Three Injured In Auto Wreck

Dearborn Man Arrested Following Butler Road Crash

Mrs. Lurline R. Cunningham, her son Clifford, 4, and Miss Irene McCarthy, all of Youngstown, received lacerations and bruises at 11 a. m. yesterday on Route 422, near Rose Point, when the car driven by Mrs. Cunningham was struck by a car driven by Matthew Cass of Dearborn, Mich., according to the highway patrol.

Cass was driving a car which was towing another machine and in attempting to pass another car his machine collided with the car driven by the Ohio woman. Both were operating in opposite directions.

Cass was arrested on a charge of reckless driving and will receive a hearing before Squire Ira Minter at Rose Point today.

BOY SCOUT Activities

TROOP NO. 55

Thursday evening, members of Troop V-55, held its regular meeting in the Trinity church. Following opening exercises, a number of the scouts passed tests for promotion in rank.

Plans were made for the troop to enter the indoor field meet at Ellwood City, February 10. Among the plans for Scout Week, was considered a parents' night program to be held February 11, in the church. Plans were also made for a hike on Saturday morning.

Remaining hours was spent in playing games. The meeting closed with taps being sounded.

Scribe, Dick McGough.

Self-Liquidating Cow Discovered

(International News Service) RUSHVILLE, Ind., Feb. 1.—A "self-liquidating" cow has been discovered on the farm of Paul Westling near here.

Toots, a six-year-old Jersey, regularly pumps her own drinking water, according to Westling and a number of witnesses, including local newspaper men.

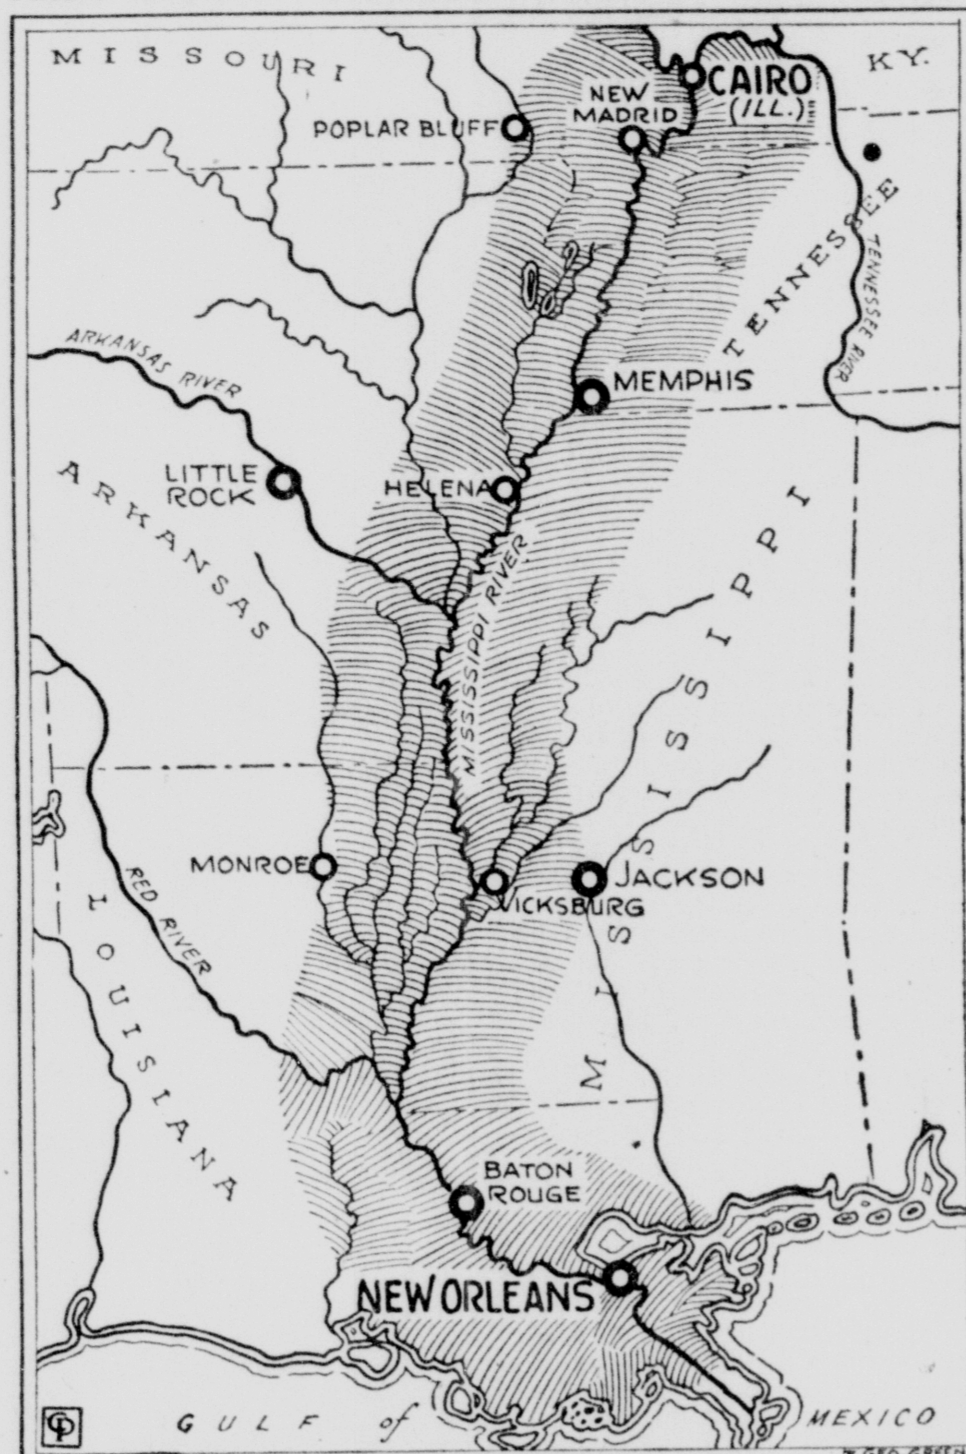

The gifted cow drinks from an ordinary iron pump with a standard handle. When thirst overtakes her, she raises the handle with her nose and then pulls it down with a conveniently-curved horn. Sometimes she drinks as the water flows out of the pump mouth and at other times she waits until the bucket beneath the pump has been filled.

DR. GRANT E. FISHER AT FIRST M. E. SUNDAY

Because of the illness of the pastor, Dr. Norris A. White, the Sunday morning service at the First M. E. church was conducted by Dr. Grant E. Fisher, whose fine sermon was much appreciated by the congregation.

The evening service, sponsored by the Epworth League, included an opening period of worship led by Rev. Thomas Francis, and the showing of beautiful slides of Methodist work in the Philippines, accompanied by a descriptive lecture by John H. Templeton, Jr., Miss Fern Cloak and Miss Alma Wolverton.

ALL OUT! "SUPER" FLOOD COMING!

Greatest peace-time movement of population in the history of the United States has begun. The United States is trying to evacuate all citizens along the lowlands of the Mississippi river between Cairo, Ill., and the Gulf of Mexico. An area of 50 miles on each side of the Mississippi is being cleared of 1,000,000 persons. If it is necessary to carry this order to its fullest completion, the result will surpass imagination. The map shows area being evacuated.

Milk For Cats'— Insurance Item Of Grain Company

Money Set Aside Annually For Cats On Premises Of Grain Elevator Company

(International News Service) GREELEY, Colo., Feb. 1.—"Milk for cats" is an item which appears always on the annual budget of a grain elevator company here.

The company appropriates from its income amounts varying between \$35 and \$50 with which to buy a quart of milk a day for the ten or 20 cats which it keeps on the premises.

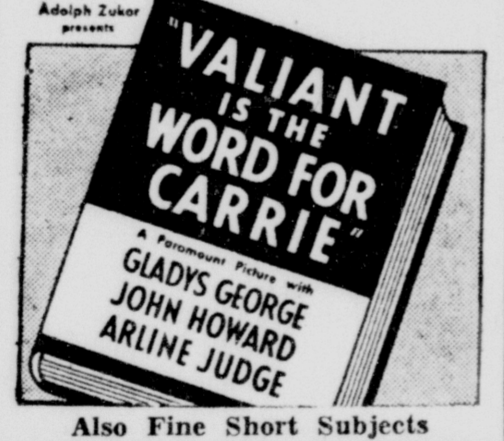

The management considers it cheap insurance because the cats act as an insurance against the ravages of rats and mice which feed on the grain stored there.

If you demand gratitude for your kindnesses, what you really demand is pay.

GIRL SCOUTS

JUANITA TROOP MEETS

Troop 14 held its weekly meeting Thursday evening in St. Mary's auditorium. Meeting opened with a review of the Girl Scout laws. Patrol meetings were held where first aid was practiced by the girls.

Several games were enjoyed by the girls, followed by a very interesting talk by the assistant captain, Teresa Cosgrove, on how Girl Scouts first started in the United States. Sounding of taps and a farewell song closed the meeting.

Scribe, Stella L. Habib.

JULIETTE LOWE TROOP

Girl Scouts of Troop 3 enjoyed a taffy pull in the home of Miss Eileen Waite, Lee avenue, recently.

During the evening a number of games of bingo were played and several prizes awarded. A group of girls worked on their knitting while others played games.

Later in the evening a delicious luncheon was served by Mrs. Roy Waite, assisted by Mrs. Montgomery and Miss Dorothea Ramsey.

BESSEMER GIRL SCOUTS

Troop 1 held a weekly meeting at Miss Troop's home Wednesday evening.

Singing opened the meeting after which the whole troop studied the compass under the direction of Miss Gardner. A relay race of constructing the compass was run, the Scottie patrol winning.

Patrol corners followed, and it was decided to change the regular meeting night from Wednesday to Thursday. Plans were completed for the valentine tea, but later it was decided to postpone it until March. The girls who were in charge of canvassing for flood relief reported an amazing amount of contributions.

The second class scouts then worked at signaling while three more girls completed the tenderfoot requirements.

Standing in horseshoe formation and repeating the scout promise closed the meeting, after which a social time was enjoyed. The girls completely surprised their lieutenant, Miss Gardner, with a handkerchief shower in honor of her birthday. Miss Dorothy Wilder was a special guest.

First Lady of State

Mrs. Rawhlie C. Stanford

Mrs. Rawhlie Clement Stanford, native daughter of Texas, is Arizona's first lady, wife of the governor. She is only the fifth woman to hold this position since Arizona was granted statehood in 1912. There is no governor's mansion in Phoenix, Arizona's state capital, so Mrs. Stanford continues to reside in her own home. She is a brilliant musician and has six children, three boys and three girls.

Tells City Council Building Unsafe

Asks Building Permit Be Revoked For Grove Street Structure

James Mercer, local contractor and brick-layer today appeared before members of council at their city hall meeting and alleged that a building being erected in Grove

street, where John P. Taylor was killed Friday was and is yet unsafe.

He asked that council revoke the building permit issued for the construction and asked that the building as now constructed, be removed.

It was said by the city officials that there is a building code, passed in 1927, but no building inspector ever was named. No power to enforce the code ever was given the city engineer, Glenn Throop stated.

Council promised to consider Mr. Mercer's statements, the city engineer having said later that he had taken up the situation with the city solicitor's office in reference to alleged violations.

Moose Welcomes Class Of Members

Initiation Sunday Afternoon Featured By Class Of 100 Candidates

With a large crowd of members present, the local lodge of the Loyal Order of Moose held a "Victory Class" initiation on Sunday after-

noon in the Moose Temple on South Mercer street. One hundred new members were given the degree work. Present was Harry Williamson of the Supreme lodge, who presented the lodge with a banner typifying the local lodge's winning designation as an honor lodge in the recent membership campaign.

Following the degree work a social period was enjoyed which was featured by an entertainment and a lunch.

RELIEVE THE DISCOMFORT OF

COLDS

ST. JOSEPH ASPIRIN IS AS PURE AS MONEY CAN BUY

In many households, St. Joseph Aspirin is playing a very important part in helping to relieve the discomfort of colds. Just take two tablets of St. Joseph Aspirin and drink a glass of water. Repeat every two hours until relieved.

St. Joseph is the original genuine pure, cellophane-wrapped aspirin. It is so pure, in fact, that it even exceeds the rigid requirements of the United States Pharmacopoeia. Today... go to your druggist and get a box of St. Joseph Aspirin, 12 tablets, 10c; 36 tablets, 25c; 100 tablets, 50c. Ask for it by name, "St. Joseph."

New Term Starts In Accounting And Show Card Classes

Pupils Have Privilege Of En-
tering Vocational Adjust-
ment Classes Now

Announcement was made today that the vocational adjustment class for instruction in bookkeeping, accounting, and office procedure, which has just completed a very successful term of six months, is open for enrollment this week when the second term gets under way.

This class is operated under Act 426 of the General Assembly and is under the immediate supervision of the superintendent of schools.

The training is especially outlined for those just entering employment in an office as well as the office employee or student who desires a broader knowledge of accounting. Students may enroll at the North street school building, room E.

There are also facilities available for taking care of a few more students in the class for instruction in show card writing.

Classes To Begin In Night Schools

Under the WPA Adult Education program there will be classes in choral work each Tuesday evening from 4:00 to 6:00 o'clock, with Enzo Restivo in charge. New members may register on the evenings of February 2 and February 9.

A class in art will begin in the Mahoningtown school Friday evening of this week from 6:00 to 9:00 p. m. and will continue each Friday evening, under the direction of Miss Dorothy Pander. Registrations will be taken at the education office, 508 Greer building for classes in higher mathematics and any one interested in a class of this nature can get the details from the office, or by calling extension 20 on line 4750.

G. P. SCHEIDEMANTLE, BUTLER COUNTY, BURIED

In St. Peter's Reformed church of Middle Lancaster, Butler county, yesterday afternoon, funeral services for George Peter Scheidemantle, 78, were conducted with the pastor, Rev. James Q. Gilbert, in charge. Interment was made in the church cemetery.

Mr. Scheidemantle, who died Friday afternoon after an illness of several months, leaves the following children: Mrs. F. Ed. Miller of Harmony, R. D. Clyde of Harmony, Earl of Ellwood City, Ralph of Lancaster township, Roy of New Castle, and Howard, at whose home he died; four brothers, Conrad, Edward and Albert of Lancaster township and Andrew of Colorado; and two sisters, Mrs. Sophia Allen of Prospect and Miss Anna of Harmony; 25 grandchildren and a great grandchild.

His wife, Mrs. Emma Caroline Scheel Scheidemantle, died November 14, last.

Chest Directors To Meet February 8

Members of the board of directors of the New Castle Community Chest will gather for their February business meeting at the Margaret L. Henry Children's home, Friendship street, on Monday evening, February 8.

At Community Chest offices at 37 North Mercer street, subscribers were reminded today that the third payment on their 1937 pledges fell due today. Statements will be in the mails shortly.

The World At A Glance

(Continued From Page Four)

to put that through. And congressmen are fearful of land-owning interests.

Some weeks ago, I was in Evansville, Ind., where citizens proudly showed me a new flood wall and plaza, erected with government money, of course.

"Well, what do you think of it?" I was asked.

All my old construction experience seemed to come back to me. I believe I remarked: "What a shame to have spent all the money on a project that is not part of a general plan, nor will in the least be effective. And look at all those slums bordering the waterfront."

Naturally, that was not a popular thing to say. I had no idea, then, however, how soon my pessimism would be fulfilled. The project did prove to be an expensive toy. The water attacked the city from many other angles. There had been no real plan. Nor is there anywhere else along the rivers.

HIGHER STAGES

I made a study, when in the construction business, of higher and higher flood possibilities.

I believe that, with the "right" combination, still higher flood stages may be expected in the future. The Mississippi river, into which the Ohio empties, was fairly low this time when the rush of water began. There may be a time when it will not be.

It is, however, dangerous to be a prophet. As a construction man, a very young, innocent one, in 1913, I casually mentioned that the river would go to 48.3 feet at Evansville. I was denounced from one end of the river to the other. The river never had gone to such a stage previously. I was, indeed, a prophet without honor. But the river did rise to 48.3 feet.

Later, in an article, I said the river some day would top 50 feet. I recall that a real estate organization passed resolutions urging that no paper hereafter publish articles of mine. The realtors thereupon went blithely ahead developing lowland property. Houses were built and sold on land that the river was certain to claim as its own.

As I write this the river is at 53.5 feet at Evansville. My "impossible" figure has been topped by three and a half feet. Tens of thousands are homeless, many are ruined because the floor waters have wrecked their houses.

Yes, it takes the strong hand of the federal government to bring about permanent relief. Otherwise, people in our river valleys will continue sticking their heads into the very mouth of doom.

WASHINGTON AT A GLANCE

Flood Victims Return To Homes

Regardless Of Future Danger, People Return To Homes As Soon As Water Subsides

SHOULD PLAN AGAINST FLOODS

Central Press
Washington Bureau
602 Times-Herald Bldg.
By CHARLES P. STEWART
Central Press Columnist.

WASHINGTON, Feb. 1.—Just as fast as the water runs off, flood sufferers along the Mississippi and its tributaries will hasten to move back into the erstwhile inundated areas.

Such is the information available at the Washington headquarters of all relief agencies, from their field representatives.

Nowhere does there seem to be the slightest inclination to abandon dwellings so hazardedly situated. To the contrary, force has had to be employed in many instances to evacuate homes with disaster actually sweeping down upon them.

TWO SIDES
The viewpoint of farmers in obviously dangerous valleys is understandable. After all, they are flood-swept only two or three seasons in a decade. Otherwise their land is very productive.

A flood, to one of these, is no worse than a drouth to an upland yeoman.

Except—
That a flood may wash away a

farmer's house and barn, drown his livestock and destroy his capital, as well as his current crop, whereas a drouth is but a seasonal disaster.

What some experts advocate is that farmers in flood territory should pile up, each for himself, a mound to serve as his refuge; then sod and plant it to a few trees to hold it solidly—then let the water swish around such islands instead of pouring over levees and engulfing everything.

BUT CITIES

Engineers are somewhat more impatient with city folk, who put up big buildings and plants in what everyone knows to be, at times of high water, river beds.

They will be flooded, of course, periodically.

If they MUST be so built (engineers query), why aren't they built in contemplation of systematic overflows, like Venice?

NEVER A "LAST"

To be sure, the theory is that each flood is the last one—the next one will be prevented by reservoirs upstream or a new kind of levees down the river.

But it never IS prevented. This year's repeatedly has been described as the "worst national disaster since the World war".

It is worse than the World war, in a way, insofar as the United States is concerned; it has caused more homelessness and distress more immediately.

A "CITY FLOOD"

This has been a meaner flood than usual because of the big cities it has struck.

A farmer, if not actually chased from home, can do, for example, with a kerosene lamp or even a candle. He is not so dependent upon toilet facilities—which are inelegant to speak of but vital to city dwellers.

This has been, so to speak, a city flood.

MOVE?—NEVER!

Nevertheless, one does not hear the city folk talk any more for evacuation of the cities than evacuation of the rural districts ever was argued for.

City "bottoms" have as many defenders as flooded ruralities.

Where would they go otherwise?

Lawrence County Boy Scouts are planning to send one completely outfitted troop to the National Jamboree, which will be held in Washington, D. C., from June 30, to July 9. Details and preparations are now being made to select the boys who will comprise this "honor troop," to attend the Jamboree.

The full troop will include one scoutmaster, two assistant scoutmasters, one senior patrol leader, and 32 scouts. Each troop in Lawrence County is entitled to send one delegate.

Requirements for this trip are exceedingly difficult to meet, and in this manner the scout executives will be able to choose the scouts who meet the requirements, more readily.

Each troop in the county must declare its intention of sending a scout to Washington by February 15, in order that this troop may be selected and outfitted in time to leave on June 30.

EMBARRASSED? I'LL SAY I WAS

When I asked a friend to lend me money

I FOUND A BETTER WAY TO BORROW

I got what I needed from Household Finance at reasonable cost and with NO embarrassment

● How embarrassing it is to ask a friend or relative for money! You can save yourself this humiliation—keep your self-respect. How? By borrowing the money you need from Household Finance. It's so simple, straightforward and businesslike.

We lend you money on your own signature. We don't ask for co-signers, salary assignments, stocks, bonds or other negotiable security.

Lower rates
for prompt-pay people

Most of our customers are prompt-pay folks. They borrow to meet emergencies and want to get out of debt promptly. Hence—we lose less on bad loans—our collection costs are lower—our rates less!

Household's service differs in another way. We do more than lend money. We also promote Home Money Management—show you how to get more from your income—how to spend less on necessities.

If you're in money trouble, come to the nearest Household Finance office. Our dignified, friendly way of lending money will please you.

Only 7 things to know to make a HOUSEHOLD FINANCE LOAN

1. If you can make regular monthly payments you can borrow, whether or not you have furniture or a car.
2. Small monthly payments. Example: \$15.00 first month decreasing each month to \$10.30 last month, repays a \$200 loan in 20 months including charges.
3. You do NOT need co-makers or endorsers. No salary or wage assignment required.
4. Quick action. No delays. No long drawn-out negotiations.
5. Household Finance's monthly charge is less than the lawful maximum on all loans.
6. Loan may be repaid any time to reduce cost. Charge made on unpaid balance only.
7. No inquiries made of employer, friends, or relatives. Private consultation rooms.

It makes a difference on who is asking, in the determination of the value of property. If it is for tax purposes the place is worth but little. If it is for sale it is worth a lot. If the county wants a piece of it the land is priceless.

At the present time there is a road improvement under consideration which will require the payment of some damages by the county commissioners. In the case just now being considered the property owner has a long frontage on the highway in question with the house sitting well back from the road.

The improvement will necessitate

the taking of perhaps six or eight feet all along the front of the property. The property owner has indicated that he will expect in the neighborhood of \$8,000 damages.

The ironic part of it is that the entire piece of land plus the substantial home which sits upon it is valued for county tax purposes at less than \$3500.

Several opinions were handed down by the court on Saturday. In the double case of John A. Born and Kathryn M. Born, against Charles A. Berg, of Pittsburgh, and Elsie Born against Charles A. Berg, new trials are refused in each case. The original trials brought verdicts of \$1050 in the first case in which \$35,000 was asked, and \$600 in the second case. Oddly enough Mr. Born was made a co-defendant with Charles A. Berg in the case brought by Tillie Wilson, of Ellwood City and the jury gave the plaintiff \$3,000 divided equally between the two defendants.

Permission is granted A. B. Stoner in a case against Lawrence Twentier, to open judgment and enter a defense in a case where judgment was confessed for \$336.

In the case of the Ellwood City School District against W. C. and Stella Martin, a petition to strike off a tax lien was granted.

In the second and final accounting of John Wilkins, executor of the estate of John Wilkins, deceased, exceptions to the account are sustained and a balance of \$2364.06 is noted.

County Commissioners have been notified by the Pennsylvania Public Service Commission of a final inspection of the Edinburg viaduct on February 5, at which time a representative of the commissioners is asked to be present. The turnover of the viaduct to the state will probably follow.

It begins to appear as if the Free

Public Library may get the old newspaper files which have been gathering dust back in the sheriff's office for years. County Solicitor William McElwee has examined the law and finds no legal hindrance to the commissioners turning over the files to the law library. The law library hasn't room for the files and probably little use for them so that there is nothing in the way of the law library turning them over to the public library. They will be an addition to the research files of the library and will be cared for there.

County Controller Frank W. Hill has presented his annual statement to the court and received approval for it. The statement will soon be printed in accordance with the law. This year you will find the statement easily understandable. It is

also being put out over a month in advance of other years. Hill has been working on the statement for a month and had to get everything done before he went.

Dog owners crowded the office of County Treasurer Joseph H. Hartland on Saturday getting tags for their pooches. There are still about 6,000 dogs without tags in the county which is going to mean a harvest time for the dog law enforcement officer when he comes to the county to start arrests.

Progress of the ego: First year—"The great Mr. Brown has promised me a job. Think of it." Second year—"If the old nut doesn't give me a raise, I'll leave him flat."

DREAMER IS EXECUTED FOR GIRL SLAYING

Pays Penalty For Death 9 Years Ago

Quivers Like Frightened Child As He Is Led Into Execution Chamber

CLAIMS INNOCENCE IN LAST MOMENTS

By TONY S. SMITH
International News Service Staff Correspondent
(Official Execution Eye-Witness)
ROCKVIEW PENITENTIARY, Bellefonte, Pa., Feb. 1.—Quivering like a frightened child Robert Dreamer, 40, of Washington, Pa., a burly 200-pound railroad hand, died early today in Rockview's oaken electric chair for the "lust slaying" of Thelma Young, 17, almost nine years ago.

Clinging to the arms of his guards his legs collapsed under him as he moved from the death chamber to his doom. He was placed in the chair promptly at 12:30 a. m. and one minute later death, in the form of 2,000 volts and 13 amperes of electricity, poured through his bulky frame.

Dreamer Is Dead
At 12:33 1/2, the words of Dr. W. J. Weikel, the penitentiary physician, "Gentlemen, Robert Dreamer is dead," closed the case which required nine years to solve.

His eyes opened in an almost subconscious stare, Dreamer was led into the crowded chamber by the Rev. C. F. Lauer, the penitentiary chaplain, who intoned the 23rd Psalm. Dreamer's hands shook violently and his eyes closed forever as guards piloted him to the chair. Dreamer maintained his innocence until the very last. He made no statements. He left no letters. He had no last minute visitors.

He disappointed prison attaches by shedding no light on the slaying of Elizabeth Loudon, which so closely resembled the killing of Thelma Young.

He spent his last day on earth as he had spent all the others since his conviction, reading and reclining on his cell cot. In the evening, he ate the regular prison mess of cold roast beef, corn soup, potato salad and apple pie.

Only when he glimpsed the coteries of official witnesses filing past his cell to the death chamber did he show signs of breaking.

French Club To Work On Plays At Westminster
(Special To The News)
NEW WILMINGTON, Feb. 1.—Throughout this semester, the French club of Westminster college will work on one-act plays, songs, and sketches in French later to be combined and presented to the student body as an all college entertainment late in March.

Sponsors of the French club work are Professor Elizabeth Stewart, Romance Language department head and Mrs. James McLaughry, instructor in French. At each meeting of the French club, songs and sketches in addition to spelling bees in French, and other games designed to aid student-teachers with extra-curricular activities.

Monthly meetings are planned by Miss Virginia Mack, Leechburg senior, club president, and Miss Suzanne Irons, Beaver senior, vice president.

Average Pay Of \$100 Per Hour For College Speakers
(Special To The News)
NEW WILMINGTON, Feb. 1.—Speakers on Westminster college's lecture course cost the college approximately \$100 an hour, according to Professor Florence White, in charge of the lecture course numbers.

Speakers range from \$20 for an hour lecture to as high of \$400, the cost of such platform-artists as Richard Hellburton, Stuart Chase and Channing Pollock. Speakers of the Halliburton calibre receive from five to ten dollars a minute for the speaking time; but usually toss in an hour's time gratis at the close of a lecture to allow questions from the audience.

The cost of the artist's course this year to Westminster is \$1500.

THIS STATE OF PENNSYLVANIA

MANY OLD HOUSES

Do you know that several houses built as early as 1780 are still standing in the town of Concord, Franklin county?

Concord is located on Route 75 in the northern tip of Franklin County. It was laid out by James Widney in 1783. The oldest structure still standing is the McKenzie house on Water street. The "old mill house" of log construction is also still intact. It was erected in 1810.

Concord has an elevation of 902 feet above sea level. What is known as "The Knob" only a short distance away from the town is 2,150 feet above sea level. Nearby is "Round Top" which has a similar elevation. Here, too, is picturesque "Path Valley" between the Tuscarora and Kittatinny Mountains.

General Chairman D. D. Valensi stated today that an enjoyable program has been arranged.

Sickness From Colds Cut More Than Half

Startling Results Obtained in Biggest Colds-Clinic of Its Kind Ever Held

Final figures—audited and certified by a nationally known firm of public accountants—disclose really amazing results from a long series of clinical tests of Vicks Plan for Better Control of Colds.

The clinic included four series of winter tests, begun in 1932 and concluded last year. A total of 17,353 men, women, and children took part as subjects—and a staff of 37 physicians and 200 nurses and supervisors was necessary to the work.

Following is an official summary of results.* Just think what such results would mean to you and your family, especially now with colds at their peak—

Fewer Colds—a reduction of about one-fourth (24.66%) in the number of colds, with all their discomforts and dangers.

Shorter Colds—a reduction of over one-fourth (28.78%) in duration of the colds that did develop.

Less Sickness—a reduction of over one-half (50.88%) in sickness from colds.

Fewer School Absences—a reduction of considerably more than half (57.86%) in days absent because of colds.

What Can Vicks Plan Do for Your Family?

Throughout these tests, results varied in different groups. Some were almost unbelievably good; others were comparatively poor. In your own family group, too, individual results from following Vicks Plan may vary. But its fine record in this tremendous colds-clinic certainly makes it well worth your trying in your own home. Here is the Plan, in outline:

1. To Help PREVENT Many Colds

Keep out of crowds as much as possible. Get plenty of rest and sleep. Stay in the open air as much as you can. Eat light, wholesome food and drink plenty of water. Keep elimination regular.

Watch yourself and your family after any exposure likely to be followed by a cold. Then—at the first sniffle or sneeze or the slightest irritation in the nose—quick!—put a few drops of Vicks Va-tro-nol up each nostril. Va-tro-nol is specialized medication, expressly designed for the nose and upper throat, where most colds start. Used in time, it helps to prevent many colds or to throw off head-colds in their early stages.

2. To RELIEVE a Cold Sooner

If a cold strikes without warning or gets by even the best precautions—as some colds always will—go straight to bed. Eat lightly and drink plenty of water and fruit juices. For prompt relief, use this vigorous treatment with your dependable Vicks VapoRub:

Massage it briskly on the throat, chest and back, for 3 full minutes. Then spread a thick layer of VapoRub over the chest and cover with a warm cloth. Long after you relax into restful sleep, VapoRub's famous poultice-and-vapor action continues for hours, loosening the phlegm, easing the coughing, and helping to break up local congestion.

*To Physicians—The official report of this unusual colds-clinic, its methods and results, is now available in handy booklet form. A copy can be had on request to the Research Dept., Vick Chemical Co., Greensboro, N. C.

Fellowship Program Outlined On Sunday

Committee Named For World Wide Unit Fellowship Program In Mahoning M. E. Church

At the morning worship service of the Mahoning M. E. church Sunday, Rev. Lee Smith of Sharon presented the new world wide unit Fellowship program of the Methodist church. At a special meeting of the Benevolent committee last night it was decided to cooperate in the program and during the next three weeks an intensive campaign will be carried on to enlist the membership of the church in the movement. The Million Unit Fellowship program is an evangelistic and financial program for the renewal of personal devotion to the ideals, life and social standards of Christ and to the world mission of his church. It will culminate on Wednesday, Feb. 17 when E. Stanley Jones, well known Methodist missionary will speak over a world broadcast to Methodists, who will gather that night in Victory Fellowship Services in their local churches.

A special committee was named to carry on the campaign in the Mahoning church. This committee will meet on Thursday night of this week in the church from 7:30 to 8:30. On the committee were named: Mrs. Myrtle Miller, Mr. and Mrs. Q. E. Davy, Mr. and Mrs. C. Adams, Mr. and Mrs. Ralph Taylor, Mr. and Mrs. W. J. Osborn, Mr. and Mrs. A. T. Engaged in conservation work and moose herding for the national park service, 115 men and two women are marooned on bleak Isle Royale, in Lake Superior, separated from the Canadian mainland by 14 miles of shifting ice floes and from the Michigan mainland by 53 miles of stormy water. The islanders' work, gathering and burning brush, which provide a fire hazard, can be done safely only in winter. And the herding of the moose is

done in winter because during this season the moose congregate quietly in herds and are easily corralled. The only contacts the island has with the outside world are the shortwave radio and possibly the airplane. One of the photos above shows boys unloading wood before the door of the camp hospital. The other is of Mrs. George Blair, left, and Mrs. Harry Nichols, the only women on the island.

WORKMEN BOLSTER MISSISSIPPI LEVEE DEFENSES

WORKMEN BUSY FILLING AND STACKING SAND BAGS NEAR MEMPHIS, TENN.

Under the guidance of U. S. army engineers, workmen are seen filling sand bags with earth to bolster levees near Memphis, Tenn. in preparation for a threatened "super" flood along the Mississippi. Memphis itself is high enough above the river to be safe. Meanwhile, the U. S. army mapped emergency plans for evacuation along the Mississippi if that course becomes necessary.

Push Cleanup In Seventh Ward

City Seeking To Remedy Damage Done By Water Last Week

Employees of the city streets and sewer department have been working almost night and day since Thursday in an effort to return South Liberty street to normalcy. The thoroughfare and cellars were flooded as the result of high water and failure of sewers to carry off the water.

The main trunk of the big storm sewer was tapped several days ago and seven pumps now are forcing the water through the sewer. The employees also are using small pumps to force water from some cellars. The city engineer, G. R. Throop, said WPA employees also have helped the city and progress is being made.

When all the water has been removed lime will be placed on the street, he added.

Leave Forfeits After Arrests

Two women and two men arrested by Lieutenant of Police Kennedy Chief of Detectives Showalter and Detective Lynch on the second floor at 17 West Long avenue did not appear for a hearing today according to police. One woman, who gave the name of Ruth Dolan was charged with being the keeper of a disorderly house and the other who gave the name of Helen Hall placed forfeits of \$100.00 and \$50.00, respectively. The men placed forfeits of \$10.00, each. The women are not local women, police reported.

me to whom I give the credit of saving my life. He seemed to know how to open the window, for he did it in a jiffy and crowded out. Then I reached up out of the water, found the opening, and pulled myself out. I think it is amazing that I was saved because I am very short winded under water. I can't explain yet, how I managed to get out the window.

After freeing herself from the submerged bus, Mrs. Riddle said she became anxious about her traveling companion, Mrs. Young, and pleaded with survivors who could swim to save her. When Mrs. Young was brought out, it was too late for artificial respiration, administered by a fireman who was a passenger on the bus, to be effective. This was in spite of the fact that Mrs. Young was the first to be recovered from the vehicle. She says she only watched them removing two of the bodies. She is grieving deeply over the loss of her friend and companion, Mrs. Young.

Workmen Clearing "Hump" Tracks Of Recent Hill Slide

Tons Of Earth Moved Onto Pennsy Railroad Tracks After Recent Rains

Workmen were successful Sunday in getting two steam shovels along the Pennsylvania railroad tracks, to the place near "The Hump" where part of the hillside moved down on the tracks several days ago, and were working at top speed, removing the many tons of earth that was blocking traffic on one of the tracks.

The hard rain of the past week, loosened the hillside in such a manner that it slid several feet and blocked the track at what is known as "The Hump" yards, about two miles below Willow Grove. A portion of the track was also broken by the slide, and it will be necessary to rebuild a strip of track about 50 feet long in order to take care of the situation.

Difficulty was encountered as an endeavor was made to bring a steam shovel into the grounds

NEW CASTLE LOSES TO NEW BRIGHTON 23 TO 22

Game Decided In Last Second

Eddie "Bus" Strausbaugh Suffers Painful Leg Injury Closing Moments Of Game

PLAY AMBRIDGE TUESDAY NIGHT

In a real thriller Saturday night at Washington High floor, the New Castle Hi "Red Hurricane" basketball team just about got written out of the Section 3 W. P. I. A. L. race by going down to defeat 23 to 22 at the hands of the fast New Brighton High quintet. The game was decided in the final second of play when Peluso (a sub) dropped in a field goal from near the middle of the court.

Only a fair sized crowd was on hand for the best game of the year at the local court. New Castle led with only a second or two left to play 22 to 21 and it looked like another Castle victory until this chap Peluso came out of nowhere and spilled the dope.

Strausbaugh Injured
New Castle's title chances were further lowered when Eddie "Bus" Strausbaugh, the crack forward and center of the team last year suffered a painful leg injury in the dying moments of the battle. This seemed to demoralize the locals to some extent.

The first period ended 7 to 6 with the New Brighton boys in the lead. The end of the first half it was 10-10, Ryglinski, Nocera, Small and Strausbaugh dumped in field goals for the locals. Byers, Oliver and Watson did the scoring for the visitors.

New Castle started out like wildfire at the beginning of the third stanza and was not long until the red and blacks held a lead. The end of the period found New Castle ahead 20 to 13.

Visitors Green Up
The New Brightons started to creep up in the fourth period. It was 20 to 17 at one time. Three minutes left to play and then the Brightons started to pile in the field goals with J. Marr doing the bulk of the scoring.

With a second or two left as said before it was 22 to 21 in favor of New Castle and just as the timer was about to raise the gun, the New Brighton team swept down the floor and Peluso made his winning bucket, and was this boy a hero for New Brighton and how.

New Castle won at New Brighton on the opening game of the sectional game 21 to 14.

The injury to Strausbaugh climaxed a fine drive by the locals. Vic "Blackie" Nocera, the New Castle center, was high point man with seven points. Small had five of the points and the injured Strausbaugh had four points. For the winners the work of J. Marr was the best with eight points, while Oliver and Watson, the two guards, also played a fine game.

New Castle High goes to Ambridge High on Tuesday for another sectional game.

Strausbaugh Did Not Break Leg

The report that spread over New Castle Saturday night and Sunday that Eddie "Bus" Strausbaugh had broken his leg in the New Castle-New Brighton game was erroneous and very untrue.

Strausbaugh did suffer a painful sprain of his leg, but is hobbling around in school today. He will be out of the New Castle lineup for some time, it is reported.

High Reserves Take Victory

The New Castle Reserves defeated New Brighton High at the Washington High court Saturday night 27 to 17 in the preliminary game. "Flash" Robinson, Ostrosky and Roussos were the best in the New Castle lineup. For the New Brightons the work of B. Marr was the best.

The summary:

New Wilmington Tops Princeton

College Towners Gain Easy 38-20 Triumph; Busy Week Ahead

Continuing their impressive showing of the past several weeks, New Wilmington High won a 38-20 triumph over Princeton in a game played at Princeton.

Coach Easton substituted quite frequently during the battle. Calhoun, Means, Newton and Mercer scored the points for the blue and gold clad five while Brown looked outstanding for the Princetonians. New Wilmington faces a tough schedule this week, meeting Bessemer at Bessemer on Tuesday night and the fast stepping Union High on Friday at Community House floor. Both games have an important bearing in the sectional race.

In the preliminary game Princeton girls defeated New Wilmington maidens by a 29-37 count, despite the fact that Miss Borowicz tallied 33 of the New Wilmington markers.

The lineup follows:
New Wilmington, Fg. F. Tp. Newton, f. 3 4 10 Means, f. 3 0 6 Davis, f. 0 0 1 D. Sewall, f. 0 0 0 Calhoun, c. 4 2 10 Mercer, g. 4 0 8 Verier, g. 1 0 2 Shaffer, g. 0 0 0 White, g. 0 0 0 G. Sewall, g. 0 1 1

Boxer Dies Of Injury To Head

(International News Service)
NEW YORK, Feb. 1.—Tony Marino, 25, bantamweight fighter formerly of Pittsburgh, who collapsed Saturday night after losing an eight-round decision to Indian Quintana, died in a Brooklyn hospital today.

Marino, who suffered a cerebral concussion, never regained consciousness. Knocked down several times in his bout with the Panama boxer, Marino refused to quit until the final bell. While sitting on a stool after the fight, he collapsed.

Titans Defeat Youngstown Five Saturday 45 To 23

Grubb High Scorer With 15 Points, Krivosh Plays Great Defensive Game

MEET PITT ON WEDNESDAY NIGHT

NEW WILMINGTON, Pa., Feb. 1.—Playing in old-time Titan form, Coach George Roark's Westminster quintet gave Youngstown College a real drubbing on the Ohio teams home-court Saturday night by a 45-23 score. It was not the same Titan team that took a 24-22 setback from Akron university the night before.

Grubb, back in form again, ran up fifteen points to keep him near Wes Bennett's old traditional score. Always forced to try for his baskets off-balance and closely-guarded, Grubb had to resort to some of Bennett's old tricks, tossing under arms and squirming out of a basket-scramble to take a hurried shot.

Krivosh Stars
Outstanding in defensive play was John Krivosh, who also garnered nine points to score second high for the evening. Back in his old job at the center jump was Paul Backus, last year's varsity pivot-man, whose length, passing ability, and expertness at retrieving bankboard shots makes him a splendid asset to the Roarkmen.

The Titans were off to an early lead, which they never relinquished. From all angles, they broke through the hard-fighting Penguin defense set up by Coach Ray Sweeney's men. Outclassed in height, the Penguins had little chance at the tip-off or in gathering in bankboard shots.

Game Rough
From point of view of hard play, the game was the roughest of the year, with 33 fouls called. Twenty-four of the points scored came from free-tosses, Westminster making 13 and Youngstown 11. The Titans almost tripled the field-goal average with 16 to 6 for the Penguins.

Coach Roark substituted freely in the final minutes of the game, sending in Throup, Thompson, Rowlands and Moffat to carry on. Moffat, newly recruited from intramural ranks, shows promise of developing into a fast, smart ball-handler.

Meet Pitt Wednesday
In what Westminster looks upon as the most desirable game of the entire Titan season, the Roarkmen meet Pitt Wednesday night on the Pittsburgh floor, playing at the underdogs against a strong Carlson eleven. A creditable showing by the Titans against Pitt will be all that is expected of Westminster; to beat Pitt, would put the Titans at the top of the heap in district basketball circles.

The score:
Westminster, G. F. T. Deane, f. 2 2 6 Gilliland, f. 3 2 8 Throup, f. 0 2 2 Backus, c. 1 1 3 Krivosh, g. 3 3 9 Grubb, g. 6 3 15 Miller, g. 1 0 2

V. M. I. Boxer Dies From Blow In Fight Ring

(International News Service)
LEXINGTON, Va., Feb. 1.—Further boxing matches at the Virginia Military Institute were suspended today following the death from a broken neck of William J. East-ham, 18, a sophomore of Washington.

He collapsed following his bout with Mike Lombardo, of the University of Maryland Saturday night. He was felled in the first round and again in the second when the referee stopped the match. East-ham walked to a bench to watch the other bouts and slumped to the floor. He died yesterday.

Shenango High To Oppose Mt. Jackson

Shenango high school basketball team is in tip top shape for Tuesday evening when the East New Castle cagers battle Mt. Jackson high, one of the classiest quintets in Lawrence County Class B circles, at Shenango floor.

A fast game is anticipated. Next Friday night, Shenango travels to East Brook to meet the East Brook high passers.

Ben Franklin Beats Washington

Ben Franklin Floor Team Wins By Eight Points

On the Washington wood court, the Ben Franklin basketball team won over the George Washington quintet, 26-18, Friday. When the first quarter ended the Carrollmen found they were trailing 7 to 9. In the second quarter the fine guarding of Motoko and Maciarello allowed the Carrollmen only one field goal, while Ben Franklin rang up two field goals and one foul the half ending 14 to 9 in favor of Ben Franklin.

The third period started when Cennema of Ben Franklin was chased for personals and Christopher relieved him. Coach Carroll substituted Perrone at forward for Robinson, and Thomas at center for Matthews. In the final period the substitutes got their chance with Ben Franklin.

The work of Chiazza, Moses and Maciarello was best for the winners. The boys who played a good game as the losers were V. Kelly and V. Ross.

Due to graduation of the tenth grade, Coach Carroll will lose Charles Matthews, Jay Thomas, Paul Perrone, Jack Potter, Pete Evers, Alex Miles, and to top this off, Victor Ross, captain and sterling guard, who played for Coach Carroll.

The summary:
Washington, Fg. F. Tp. Robinson, f. 1 0 2 Perrone, f. 0 0 0 V. Kelly, f. 2 1 5 Matthews, c. 1 0 2 Thomas, c. 0 1 1 Ross, g. 2 2 6 Covelli, g. 0 2 2

Boy's League Floor Results

The following games were played Saturday at the "Y" in the Boys' league:
West Side A. C. topped the K. Pulaski Juniors, 20-18, in an AA battle.

Shoppers defeated the Ben Franklin Hi-Y team, 31 to 13, in an A league game.

The Davies Tydols trimmed the Shenangos, 24 to 10, in an A league game.

The schedule for this week:
Tuesday: Soph. Hi-Y Alumni vs. Eagles, AA game.
Thursday: Keystone A. C. Juniors vs. Boyles A. C., AA game.

These games will end the first half of the league season.

BEAVER FALLS WINS
The Beaver Falls Hi-Y team topped the Washington Hi-Y team of New Castle at the valley court Saturday, 31 to 18. At the half it was 12 to 11 in favor of the Beaver Falls team. Market and Taylor led the attack for the losers.

K. Pulaski Five Defeats Lincolns

The K. Pulaski Big Five handed the Lincoln Tigers a 38 to 36 defeat at the K. P. hall on Sunday afternoon, with Sleseski the big star with 12 of the points. Chernyavski, Hnai and J. Slosnick kicked in with eight points apiece.

For the losers the work of Nickie Gennock and Sammie Bullano was a big feature.

The summary:
K. P. Big Five, Fg. F. Tp. Janoski, f. 0 0 0 Balin, f. 1 0 2 Sleseski, f. 4 12 Krezo, c. 0 0 0 Chernyavski, c. 3 2 8 Hnta, c. 0 0 0 Bullano, c. 2 8 Slosnick, g. 4 0 8 Smaleski, g. 0 0 0

MT. JACKSON RESERVES
The Mt. Jackson High Reserves handed the New Wilmington High Reserves a 17 to 9 defeat at the Mt. Jackson floor, with Razzano the big star of the game getting 12 of the Jackson points.

Keystones Win First Half Of League Title

Defeat Johnson Bronze Saturday Night At "Y" 33 To 19 For First Half Championship

HOUSE SENIORS TAKE VICTORY

Keystone A. C. supremacy of the House-Indus league was enhanced Saturday night at the "Y" when the South Jefferson street boys under Coach Andy "Coot" Venditto came through with a 33 to 19 defeat of the Johnson Bronze team and thereby won the first-half championship of the popular floor league. The Keys went through the entire first-half undefeated.

Keys Undefeated
The Keys have compiled a very enviable league record. Saturday night the Keys went to work on the Bronzers in the first half and rolled up a count of 14 to 8. The Bronzers never figured in the game seriously after the first half. Pete Zingaro and Steve Teplica were the scoring stars for the Vendittomen, with 14 of the points between them, while Gennock, Bullano, Kearns and Shook each supplied four points.

For the losers the work of Koszela was the best by far, this youngster making 11 of the points.

The Keystones will now meet the second-half winner (unless they happen to be it) for the league championship at the end of the month. The Keys were the Sacred Hearts of last year's church league and were the crowning champions.

Universals Lose
In the only other game played the Universals lost to the House-Seniors 27 to 14. Gibson and Huff led the Universals in scoring, while Sutzinger and Dickson led the scoring for the winners.

The summary:
Keystone A. C., Fg. F. Tp. Gennock, f. 2 0 4 DiMuccio, f. 0 0 0 Bullano, c. 2 0 4 Reiber, f. 1 0 2 Hordig, c. 0 1 1 Kearns, c. 0 4 4 Shook, g. 2 2 6 Zingaro, g. 4 0 8

Polish Falcons Take Victory

The Polish Falcons handed the New Kensington Falcons a 44 to 37 defeating at the Falcon hall on Miller street Sunday afternoon. The score at the half favored the New Kensington high team 22 to 16. The score at the end of the third period was 32 to 24 in favor of the visitors.

In the final period Johnnie Carik made five buckets and Koszela kicked in with one or two, to give the Falcons a seven point victory. Russ Kawa scored 14 of the Falcons points.

Spisak and Karluk were the best for the New Ken Falcons. Tuesday the New Castle Falcons will play the St. Marys team of Beaver Falls at the local court.

HERE AND THERE IN SPORTS' LAND

Prospects of a court battle loom between Madison Square Garden, New York City, and James J. Braddock, world's heavyweight champion, as the result of Braddock having signed to fight Joe Louis, Detroit Bomber. According to New York reports, Joe Gould, manager of Braddock, accepted an offer for Braddock to defend the championship for \$500,000, with an option of 50 per cent of the gate receipts. The offer was made by Sheldon Clark, once associated with Tex Rickard. Clark wants to stage the fight at Soldiers Field, Chicago. Jimmie Johnston, matchmaker for the Garden, announced after the report got around that the Garden held Braddock's signature to defend his title against Max Schmeling. Gould said he would sign a contract for the fight with Louis next week. He believes the bout will draw better than a Braddock-Schmeling fight.

Tony Marino, Pittsburgh bantamweight, is still unconscious in a New York hospital, having been taken there Saturday night after he took a beating from Indian Quintana in an eight-round bout at New York. Marino was felled during the decision. Tony slumped to the floor and has not recovered consciousness.

Ellsworth Vines stretched his lead over Fred Perry to eight to five yesterday, having won from the Briton, 5-7, 7-5, 6-4 at Miami Beach, Fla. yesterday. Lou Amberg, lightweight champion, is expected to defend his championship this summer. Westminster and Pitt Panthers will clash in basketball Wednesday night at Pittsburgh.

It is declared to be positive that Braddock has been guaranteed \$300,000 for his end at Chicago, with the entire amount to be placed in his hands before he enters the ring. Of this, he will get half, of \$250,000, in escrow the moment his manager, Joe Gould, signs the contract.

Mike Jacobs, New York promoter, has been in Chicago for the last 48 hours, ostensibly to tie up Louis for a 10-round meeting with Nat Brown at Kansas City during the middle of February, but at the same time to close the details of the proposed Louis-Braddock fight. It is assumed that this will go through whether or not Schmeling, the accepted and logical challenger, agrees to wait 90 days for his chance at the winner.

Nickie Gennock, Pete Zingaro and Sammie Bullano have been playing basketball together for the past five years. Eddie Weygant and Frankie Bob staged several good battles. Bruce Franklin, Seventh Ward, was a Ne-Ca-hi basketball player. George Perrotta, middleweight boxer some years ago, now is a temporary policeman here. Earl Turk, who played basketball for the Red and Black is now a railroader. Remember Duke Coyne, the foot-racer? Several years ago he was a whiz on the cinder path. He died several years ago. Mike Diffley, baseball player is going to Syracuse U. according to reports. Ray Ritchie was a bantamweight in Bob Latera's stable. Seventh ward produced some good bowlers, Joe Dixon, Bill Harman, Bill Russo, Don Gilmore, Dave Mansell and the late Ralph Cangie. One of the best baseball hustlers in the Seventh Ward, Nick Cangie, Henry Firpo who was born Henry Henline a middleweight fighter, is a policeman in Louisville. Paris Cangie deserved the decision over Freddie Fitzgerald when the latter went down here without being struck. Chris Henshell, Harlanburg, deep sea fisherman, has not yet gone south this winter. Andy Venditto turned out two good floor teams at the Y and helps softball and football teams. He is president of the Keystone A. C. Recall the "Immigration Four," Frank Celo, Harry Ross, Ernie Pascarella and Mike Ross? Alex Pascarella, ex-service man was a good baseball player. Eddie Owens who fought while in high school looked good but gave up the game to embark on another career. Yank Clark of Pulaski is an uncle to Young Scotty of Akron, who fought as a bantamweight here. Billy, Henry and Eddie Bowen were brothers and all had a pugilistic career. Romeo Pacelli was a classy boxer. He fought here and in Detroit. Lex McCormick caught baseball on the West Side. Billy Mido and Young Murphy were in Bat Terry's crowd of tin ear manufacturers. National Radiators won the softball title three years straight. Ralph Bolinger was a good hustler for radiator company athletics. He is now in Johnstown. Kiki Marino was one of the first announcers at Centennial field.

FALCON RESERVES LOSE
The Polish Falcon Reserves were handed a defeat on Sunday at the Falcon hall 41 to 34, with Ostrosky and Bozek the best for the New Ken Falcon Reserves. For the locals the work of G. Kendra and Dluganski was the best with eight of the points apiece.

SAN FRANCISCO, Feb. 1.—Neil Christian, the gray-haired pro from Yakima, Wash., today declared he at least had the satisfaction of knowing he is a good instructor. Eight years ago at the Waverly Country Club at Portland, Ore., Christian had a 16-year-old pupil named Lawson Little. The old master from the Pacific Northwest and Little, now one of the world's greatest golfers, met yesterday as finalists in the seventh annual \$5,000 national match play open here.

FROM ME TO YOU

By MESEFALL

Here we go on another month . . . it won't be long 'till spring . . . Had a nice little horse back ride yesterday . . . the first one in over a month and was it nice in the country. After a horse has been in the barn for three or four weeks they have a few kinks that must be straightened out . . . it is better to turn them in the paddock first, the ride is much smoother then . . . after all, that is what you want, we are not cowboys.

It seems here is a young fellow in one of our Drug stores that has a terrible case on a certain girl . . . in fact I might say they are not looking at anyone but themselves . . . they have a novel arrangement . . . they look ahead . . . they have a system whereby they both pay into a savings can . . . every spare dime goes in this can . . . It seems that the young man is not the miser that the young lady is, when he buys her a little present you should hear the fire works . . . (I wish I had a girl like that.)

What would you do if you were madly in love with a young lady and her father tried to keep her away from you . . . for no good or bad reason at all. Just what would you do? This is a serious question and I would like to have an answer . . . I know several persons who are in the position to answer but I have one certain one in first place . . . Come on Garfield Ave. let's hear from you.

This seems to be a rather catty column today . . . it is against my rule to write such a thing but while I am doing it by request let's keep going.

The Clarence A. Patterson's have received a bundle from heaven and they call him Clarence. I wonder if he looks like his father?

Keep an eye on this page . . . there will be startling news in every column. Bargains that you or I would never dream of . . . take advantage of the Classified Want Ads . . . they do the work of and for thousands.

Market Begins New Month
Today With Much Firmer
Tone Than Last Week

By LESLIE GOULD
International News Service
Financial Writer
NEW YORK, Feb. 1.—The stock market started the new month generally firm today, although steel shares were subjected to moderate profit-taking after extending their upward surge.

Chrysler led motors with a spurt of close to 2 points. General Motors converted a half-point loss into a small gain, while Auburn advanced well over a point.

Steels were lower at the opening, then rebounded under the lead of U. S. Steel which equaled its 1936-37 peak of 97 1/2 for a half-point gain. Renewed profit-taking, however, turned the group downward later.

Sears Roebuck opened 1 1/2 points higher and held most of this. Gimbel Bros. spurred a climb to well above 22. Goodrich climbed a point.

Case soared more than 4 points. Allied Chemical was carried up 4. Rails, coppers, and utilities were quiet and steady.

Bonds moved irregularly higher. Grains gained upward of a cent a bushel. Cotton also improved.

'EUGENE, THE JEEP'
MAY HAVE A GUARD

(International News Service)
EPSOM DOWNS, Texas.—Epsom Downs officials today were considering placing a heavy guard over a strange looking animal that has graced a cage in front of race track grandstands here for the past several days.

The action came after several odd looking characters were seen to slide up to the cage and whisper something from the side of the mouth.

The animal, which has been christened "Eugene, the Jeep", usually went through some sort of motions.

The proposed guard is for Eugene's own protection, officials said. They refused to say whether the animal's life was in danger or not.

"Eugene" is really a South American Kinkajou, owned by Mrs. Ann Van Blair of Houston.

Mechanics Win
First Round Of
Floor League

Take 28-24 Victory Over
Frisco For Undeclared
Record Of First
Round

MATHEWS SURPRISE
COLD DRAW TEAM

ELLWOOD CITY, Feb. 1.—The flashy Mechanical cagers won the first round championship of the Ellwood City Industrial league Saturday night before a capacity crowd at Shelby auditorium. They won the first round without a defeat when they defeated Frisco 28-24 in a close and hard fought game.

Their victory was all the more admirable because they were compelled to play all but two minutes of the last quarter with four men. Captain Alex Robuck, Jim Gottuso and "Spungo" Vandrello were taken out via the four personal foul route and they only had two substitutes on hand. The game was close throughout. The Mechanics led 8-7 in the first quarter, 14-13 at the half and 20-17 in the third quarter. In the final chapter the four men outplayed their opponents 8-7 to make the final score 28-24 for the Mechanics. A defeat for the Mechanics would have placed them in a tie with the Office for the lead. Johnson, Vandrello and Captain Robuck led the attack for the visitors. The former came away with scoring honors with eight points. Boone was outstanding for the losers.

A real surprise was pulled in the second game of the evening when the last place Mathews nosed out a fine Cold Draw team by a score of 38-35. Mathews held the highly touted Cold Draw to an 8-4 deadlock and then proceeded to take the play away from their opponents for the remainder of the game. They led 19-13 at the half, 30-27 in the third period and 38-35 final. Bill Cole ran wild in the game, bagging 11 field goals and one foul for a total of 23 points. He was knocked out once in a collision with an opponent, but after being revived proceeded to rain in field goals. Nelson also played a good game for the winners. Ferrucci and Justine were outstanding for the losers.

The usual program of an entertainment between the game and a dance after was carried out. On Wednesday the Office and Finish will conclude the round in the first game of the evening. The second round schedule will begin with the second game when the Mechanics will clash with the Cold Draw again.

Committees To Meet Tonight On Flood Aid Party

Expect Crowd Of 5,000 People Will Attend Big Community Party Friday

FLOOD FUND REACHES \$5,200 MARK TODAY

Plans for the big Community party here on Friday evening for the benefit of the flood sufferers in the Ohio and Mississippi valleys will be furthered at a meeting this evening at 8 o'clock in The Cathedral.

With only a few more days left in which to complete arrangements, the various committees named by General Chairman Charles E. McGrath, following the meeting last Thursday evening at the city building have been working at top speed to get things in readiness, and they have made a splendid progress.

Tickets are being placed in the hands of the different industries, fraternal organizations, service clubs and social organizations and a crowd of 5,000 or more people is expected to be taken care of at the big party, when a varied program of entertainment, including vaudeville, dancing, cards, Bingo, etc., will be offered.

This morning the flood fund total stood at \$5,211, an increase of almost a thousand dollars since Saturday morning, many contributions having come in from outlying points. There were no exceptionally large contributions noted, but a number of substantial gifts were received from individuals.

Including in Saturday's gifts was a dollar from little Mary Lou Edgar, daughter of Probationary and Mrs. John A. Edgar, who emptied her savings bank of a hundred bright shining pennies she had saved and brought the sum to the Red Cross office for little flood sufferers down the valley.

Details of the program for Friday evening will be announced tomorrow, following the meeting this evening along with names of additional committee appointments which have been made by the different chairmen.

Lincoln-Garfield Reunion On Feb. 18

Dinner And Smoker Planned For Former Students Of South Side School

Thursday evening, February 18 has been set as the date of the mid-winter reunion of the Lincoln-Garfield Association it was announced today. The affair will be held in the Elks Home on North Mill street and will include a dinner and a program of speaking and entertainment.

John G. Moore has been named as chairman of the registration committee, and Councilman Joseph D. Alexander chairman of the entertainment committee. Invitations have been extended to Jack Powell of Alliquippa, J. T. Whitehead, of Cleveland, O., and Mayor Louis Levine, of Farrell to attend the reunion and speak.

The Lincoln-Garfield association is composed of citizens who formerly attended the school on Long Ave. and Reynolds streets. For a number of years two annual reunions have been held. The mid-summer reunion is held in a park where the families get together. The mid-winter affair is held for the men only, and usually takes the form of a smoker. Many members from other cities of Pennsylvania and Ohio are expected to be present.

SOCIAL SECURITY BRANCH OPENING EXPECTED SOON

The new five room branch office of the United States Social Security board in the Johnson building is expected to be opened within a very short time, it became known today.

The building's management today reported the new top floor ready for occupancy and expressed the belief the federal government staff will move in soon.

It could not be learned here how large the office force will be or who will supervise the local operations.

In Washington it was announced several weeks ago that the rooms were wanted for February 1, but the office was still unoccupied today.

A small staff at the post office has been handling the social security work to date on a temporary basis.

Hold Driver After Crash

FRANKLIN, Pa., Feb. 1.—His skull crushed when an automobile driven by another Erie man overturned several times near Cherry tree, late Saturday night, Frank Baganski, 22, of 132 Parade street, Erie, died upon reaching Titusville hospital.

Frank Sadowski, 21, of 220 Wallace street, Erie, was brought to Venango county jail to await an inquest Wednesday night in the accident. Deputy Coroner C. M. Sonne, Crawford county, announced the inquest will be in Titusville city hall at 7 p. m.

Relief Demands Are Increasing

Reductions In W. P. A. Activity Boost Relief Demands On State

(International News Service)
HARRISBURG, Feb. 1.—Preliminary reductions in WPA activity in Pennsylvania during the last three months have been accompanied by an increase of more than \$100,000 a week in state expenditures for unemployment relief, official reports disclosed today.

The same sources revealed that, although private industry took nearly 12,000 persons from the WPA

rolls during the period, the number of persons on the combined SERB-WPA rolls in mid-January was almost identical with the corresponding total for mid-October.

To legislators returning to start the second month of the 1937 session, the pronounced shift from federal-financed WPA to state paid SERB present a serious problem. It indicates that the proposed curtailment of WPA activity, recommended by President Roosevelt in discussion with congressional leaders may add from \$300,000 to half a million dollars to the state's relief appropriations.

As shown by the combined WPA and SERB reports, Pennsylvania's relief population included 678,000 persons last October 16. Of these, 248,000 were on the WPA rosters and 431,000 were on the SERB rolls.

Mayor McGrath Confined To Home

Mayor Charles E. McGrath is confined to his bed with an attack of influenza it was reported at the mayor's office today. He felt ill yesterday and James L. Fink, finance director, conducted police court. Fink conducted police court again today and also presided as chairman of council.

FALLS ON SIDEWALK

Mrs. James Deskin, Jr., 452 County Line street, reported to city police that while walking Friday in Croton avenue, she fell over an obstruction on the sidewalk. She reported her clothing damaged. She also was shaken up, the report said.

POLICE VISIT KEYSTONE CLUB

Lieutenant of Police Kennedy, Detective Lynch and Patrolmen Hanna, R. Richards and Shields last night visited the Keystone club at 202½ South Jefferson street, where they claim they found poker being played. Fred Marcella was arrested as the proprietor of an alleged disorderly house and eight visitors

were also arrested. Several bail boards, alleged to be gambling devices, were confiscated. Marcella put up \$100.00 bail for a hearing. Each of the visitors placed forfeits of \$10.00 each.

Correct this sentence. "Wagner valued his friends for what he got out of them," said the critic, "and that was unusual."
